

Major blood vessels :

Arteries

Upper limb

Veins

Subclavian artery

First rib

Axillary artery

Pectoralis Minor لما تصادف

First

Second

Third

teres major لما تصادف

Brachial artery

Pulse عند tendon of biceps

Radial artery

Ulnar artery

Superficial بين عند wrist

Deep

Pulse

Palmar arches

Superficial veins

Basilic

Cephalic

Medial cubital vein
in elbow

ح
يتجوا
ويكملوا

Basilic

مأشي و medially

Cephalic

مأشي و laterally

Brachial

عند teres major

Axillary

لما يوصلوا
First rib

Subclavian vein

External
Jugular

Internal
Jugular

Brachiocephalic
Vein

Arteries

Lower limb

Veins

iliac artery

Internal iliac

External iliac

Femoral artery

عند thigh

Popliteal artery

عند knee joint

Superficial veins

Great saphenous

Small saphenous

drains
Into

Femoral vein

drains
Into

Popliteal vein

Arteries

Abdomen

Veins

Descending aorta

Inferior vena cava

بمنطقة
Abdomen

Abdominal

Thoracic

عند L4

Left

Right

common iliac

common iliac

● Blood from digestive organs

Portal vein

Inferior vena cava

Branches:

Celiac trunk

Superior mesenteric artery

Inferior mesenteric artery

} supply
organs of digestive system

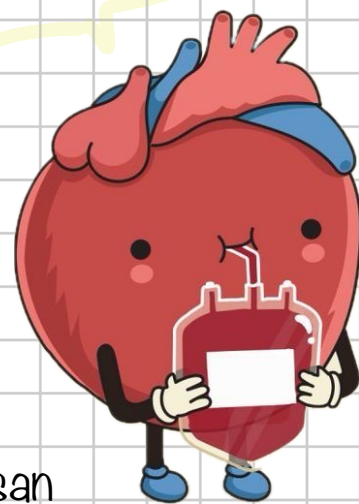

Suprarenal arteries

→ supply adrenal gland

Renal arteries

→ supply kidneys

Good Luck
